Plans being made, captors very nervous, Town's people not aware of his presence. Captains not sure what to do with him.

A/S "Tiger by the tail"; can't let go ~~of the tail~~.

Captains nervous, not "cool, calm & collected"

Higgins was taken to an area near the port, then transferred to another vehicle before being moved up to the heights.

Shadows, street parked for the bright sun for part of the day.

Captain very nervous, Higgins calm and angry, tires

1 hand bound & tied to chair.

Captain - minor leader, trying to make contacts, get in touch with other person/groups that he supports.

Captain leads ~~not~~ in late twenties, not a lot of experience.

He and several others gone, leaving young guards.

Captain made decision on his own - slightly concerned that he may have "screwed up" but knows that he will ultimately be assisting "the cause."

No immediate plans for Higgins. ~~At the moment~~
